

Tight-fitting Respirators

Elipse® Respirator

Compact Respiratory Protection

The Elipse half-face respirator is a durable, lightweight, and compact PPE solution. With a wide range of filter options available, the Elipse provides a high level of respiratory protection for users across a wide range of industries.

The sleek and considered profile minimizes obstruction to your line of sight for greater precision and accuracy when working. The body of the Elipse has been designed for lasting comfort. Available in two sizes and constructed from soft TPE material, the respirator can mold to the contours of your face for a customized fit and feel. The elasticated head and neck strap is easily adjustable, enabling the respirator to sit securely on your face while also creating the tight seal needed to maintain protection from respiratory hazards.

Filters available for the Elipse respirator range from the P100 filter, for protection against dust and other particulate hazards down to 0.3 microns, through to OV and Multi-gas cartridges for further protection against organic, inorganic, chemical, and ammonia based gases. Durable and adaptable, there will be a model of the Elipse respirator ready to meet the demands of your job and provide the respiratory protection needed to get you home safe at the end of the day.

The Elipse is certified to the standards below:

NIOSH

APPROVED

EHMR P100/P100 Nuisance OV/
OV/AG/OVAG/MG
P100 OV/P100 AG/
P100 OVAG/P100 MG
Depending on filter type used.

42 CFR 84 & 42 CFR 23
RESPIRATORY PROTECTION

Nasal area has a ridge which prevents the respirator from slipping or leaking, and glasses from fogging.

Sleek and considered profile ensures you always have a clear and unobstructed line of sight.

The soft material molds to the contours of the user's face to ensure a customized fit and feel.

The respirator body can be cleaned and disinfected for reuse.

Made from soft, medical grade TPE material and conforming to ISO 10993-10:2010 for irritations, it is hypoallergenic, odor free, latex free and silicone free.

4 point adjustable elasticated head and neck strap with comfort pad.

Available in two sizes: S/M & M/L.

Elipse® Respirator - Parts

Compact Respiratory Protection

Elipse® Consumables

	Part # SPR321 P100 Filters <i>Pair, for Elipse SPR451, SPR457, SPR643 and SPR644 respirators, and Integra SPR549 and SPR550 respirators.</i>
	Part # SPR450 P100 Nuisance Odor Filters <i>Pair, for Elipse SPR449 and SPR456 respirators, and Integra SPR551 and SPR552 respirators.</i>
	Part # SPR468 OV/P100 Cartridges <i>Pair, for Elipse SPR466 and SPR467 respirators, and Integra SPR553 and SPR554 respirators.</i>
	Part # SPR658 Low-profile OV/P100 Cartridges <i>Pair, for Elipse SPR656 and SPR657 respirators, and Integra SPR659 and SPR660 respirators.</i>
	Part # SPR474 OV/AG/P100 Cartridges <i>Pair, for Elipse SPR472 and SPR473 respirators, and Integra SPR555 and SPR556 respirators.</i>
	Part # SPR483 Multi-gas Cartridges <i>Pair, for Elipse SPR481 and SPR482 respirators, and Integra SPR630 and SPR631 respirators.</i>
	Part # SPR486 Multi-gas P100 Cartridges <i>Pair, for Elipse SPR484 and SPR485 respirators, and Integra SPR623 and SPR624 respirators.</i>

Elipse® Accessories

	Part # SPM001 Hard Carry Case for P100 <i>Fits respirators SPR449, SPR451, SPR456, SPR457, SPR643 and SPR644.</i>
	Part # SPM008 Hard Carry Case <i>Fits respirators SPR656 and SPR657.</i>
	Part # SPM009 Hard Carry Case for High Efficiency Gas <i>Fits respirators SPR466, SPR467, SPR472, SPR473, SPR481, SPR482, SPR484 and SPR485.</i>
	Part # SPM414 Portacount Face Fit Kit Adaptor <i>For P100 Filters</i>
	Part # SPM420 Pre-filter Kits <i>Includes 2 holders and 10 pads, for SPR656, SPR657, SPR659 and SPR660 filters.</i>
	Part # SPM421 Pre-filter Pads (pk 20) <i>For SPM420.</i>
	Part # SPM578 Respirator Cradle Pad

Elipse® Accessories

	Part # SPM587 Starter Kit <i>Includes SPR457, 1 SPR321 and 1 SPM001.</i>
	Part # SPM646 Portacount Face Fit Kit Adaptor <i>For gas and vapor cartridges</i>

Elipse® Parts

	Part # SPM557 Respirator Particulate Strap Support Assembly - Size S/M
	Part # SPR558 Respirator Particulate Strap Support Assembly - Size M/L
	Part # SPM560 Headband Connectors <i>For Elipse P100.</i>
	Part #SPM561 Headband Clips (pk 4) <i>For High Efficiency Gas Respirators.</i>

Elipse® Parts

	Part # SPM563 Turn-buckles (pk 2)
	Part # SPM564 Headband Clips (pk 4) <i>For High Efficiency Gas Respirators.</i>
	Part # SPM565 Slim Stubber Head Band Pad
	Part # SPM566 Valve Cover
	Part # SPM568 Valve Diaphragms (pk 3) <i>For Respirators and Gas filters.</i>
	Part # SPM570 Elastics for Respirators - Size S/M <i>Pair.</i>
	Part # SPR571 Elastics for Respirators - Size M/L <i>Pair.</i>

Elipse® P100 Source Control

Compact Respiratory Protection

The Source Control version of the Elipse respirator is an alternative to N95 disposable respirators, reducing waste and costs for hospitals. It does not have an exhalation valve in order to avoid cross-contamination, and the exhalation valves were removed to improve the resistance providing optimal airflow.

⚠ WARNING PRODUCT SELECTION

- 1. Determine what type of protection is required for your activity.** As applicable, check your workplace safety program, respiratory protection program, and standards and regulations for your activity or industry.
 - 2. Check product specifications.** Contact GVS-RPB® or check the product instruction manual (downloadable from gvs-rpb.com) for complete specifications, including approvals, standards, and regulations to which the product conforms.
 - 3. Make sure you have a complete system.** Verify that you have or are purchasing all required components. System requirements are available from GVS-RPB® or in product instruction manuals.
- Selecting inappropriate or incomplete equipment, including the use of counterfeit or non-GVS-RPB® parts, can result in inadequate protection and will void the NIOSH approval of the entire respirator.**
